PROFESSIONAL SUMMARY

Full Stack Developer passionate about building practical and scalable web applications using the MERN stack. Hands-on experience developing responsive frontends, REST APIs, authentication systems, and backend features with React.js, Node.js, Express.js, and MongoDB. Strong understanding of JavaScript, API integration, CRUD operations, and deployment workflows with focus on clean, maintainable, and production-ready code.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), SQL

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Responsive Design

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Database: MongoDB, MySQL, Mongoose

Tools & Platforms: Git, GitHub, Postman, MongoDB Atlas, Vercel, Render, VS Code

PROJECTS

Habit Tracker | React.js, Node.js, Express.js, MongoDB, JWT

Live Demo | GitHub

- Developed a full-stack habit tracking application with secure JWT authentication and protected routes.
- Built RESTful APIs for habit management, streak tracking, and activity logging.
- Designed responsive dashboard UI with calendar heatmap visualization.

Notes App | React.js, Node.js, Express.js, MongoDB

Live Demo | GitHub

- Built a MERN-based notes management system with complete CRUD functionality.
- Implemented validation, reusable React components, and optimized backend routing.

Blog Platform | React.js, Node.js, Express.js, MongoDB

GitHub

- Created a blogging platform with responsive UI and structured content management.
- Implemented CRUD operations using REST APIs and MongoDB.

EXPERIENCE

Self-Employed Full Stack Developer | 2024 – Present

- Developed and deployed multiple MERN stack applications using modern web development practices.
- Built responsive interfaces, REST APIs, and authentication systems for personal and academic projects.
- Managed deployment workflows, version control, and project repositories using Git and GitHub.

ACHIEVEMENTS

- Solved 80+ Data Structures and Algorithms problems on LeetCode.
- Built and deployed multiple full-stack applications independently.
- Strong understanding of asynchronous JavaScript and backend workflows.

EDUCATION

Bachelor of Information Technology | Silver Oak University | 2021 – 2025

CGPA: 9.1 / 10
